

Construction

Africa Specialty Risks (ASR) provides comprehensive, bespoke risk mitigation solutions to local and global customers across the African continent giving them the confidence to grow their businesses sustainably.

Africa Specialty Risks

Protecting Africa

Construction

We specialise in insurance and reinsurance solutions for construction projects.

These covers include:

- > Contractors' All Risks (CAR)
- > Erection All Risks (EAR)
- > Third Party Liability (TPL)
- > Advance Loss of Profit (ALOP) / Delay In Start-up (DSU)

Within Construction we can offer Facultative support for the following products:

- > Proportionally – Quota Share, Surplus, Loss limits
- > Non-proportionally – Excess of loss or Primary layers

Our main focus is EAR in the power, oil and gas and traditional industries, and CAR in the public and private building sectors and Civil Infrastructure. We ensure that our participation is supported by technical risk management programs aimed at loss avoidance and by close scrutiny of policy wordings.

Industry Segments

- > Water Treatment Plants
- > Desalination Plants
- > Traditional Power
- > Renewable Energy
- > Hotels
- > Ports and Harbours
- > Dams and Jetties
- > Mining and Processing
- > Private and public buildings (airports, hospitals and multi-story)
- > Civil Infrastructure (roads, railway, tunnels and bridges)
- > Chemical and Petrochemical (compressor stations, oil and gas fields, refineries, petrochemical plants, chemical processing)
